Purpose of the Orientation:-

The primary purpose of the SCCC orientation was to introduce the students to the committee and provide them with a clear understanding of its structure and functioning. The orientation focused on the different designations within the committee and the specific roles and responsibilities assigned to each designated person.

The students were introduced to the various members of the SCCC and were made aware of how different positions contribute towards the successful organisation and execution of college activities and events. The session also helped students understand the importance of coordination, teamwork, communication, discipline, and leadership while working as a part of the committee.

Role of the SCCC:-

The Students Council and Cultural Committee serves as an important platform for students to participate in and contribute to the cultural and co-curricular activities of the college. Members of the committee are responsible for assisting in the planning, coordination, management, and execution of various events and activities.

The orientation helped students understand that every designation within the SCCC carries specific responsibilities and that effective teamwork among all members is essential for the smooth functioning of the committee. It also encouraged students to take initiative, demonstrate leadership, and actively contribute to the college community.
